# Before your Interview

- Research the company (10 minutes)
- Think of two reasons you're interested in the company (10 minutes)
- Think of an explanation for why you're job searching (5 minutes)
- Prepare to talk about specific accomplishments
- Get familiar with your resume (5 minutes)

# During the Interview

- Describe your work history BRIEFLY
- Explain why you're interested in interviewing with them
- Answering technical questions- don't freak out
- Ask your own questions at the end
- Always act like you want the job
- Learn the interviewer's name and use it
- Be upfront and use clear language
- Make everything about THEM

# After the Interview

- Always thank the interviewer
- Act interested but not desperate while waiting for feedback
